INTERNATIONAL CONFERENCE ON POWER SYSTEMS 2025

(ICPS 2025)

07 - 09 Dec 2025 | IIT Hyderabad

Conference Committee

Patron

Prof. B. S. Murty, Director, IIT Hyderabad

Core Steering Committee Chairs

Prof. S. N. Singh, IIT Kanpur

Prof. S. A. Khaparde, Retd. IIT Bombay

Prof. I. M. Tamrakar, Retd. IoE Nepal

General Chairs

Prof. Ravikumar Bhimasingu, IIT Hyderabad Shri. M. K. Ramesh, CGM, SRLDC, Grid-India

General Co-Chair

Prof. Asheesh Kumar Singh, MNNIT Allahabad

Organizing Chairs

Prof. Vaskar Sarkar, IIT Hyderabad

Prof. Sivakumar Keerthipati, IIT Hyderabad

Technical Program Chairs

Dr. V. Seshadri Sravan Kumar, IIT Hyderabad

Dr. Jose Titus, IIT Hyderabad

Finance and Sponsorship Chairs

Dr. Rupesh Wandhare, IIT Hyderabad

Dr. Pradeep Kumar Y., IIT Hyderabad

Publication Chairs

Dr. Rupesh Wandhare, IIT Hyderabad

Logistic Chair

Dr. Pradeep Kumar Y., IIT Hyderabad

Important Dates		
Full Paper Submission	31 May 2025 15 July 2025 (Extended)	
Notification of Acceptance	31 Aug 2025	
Camera Ready Submission	15 Sep 2025	
Registration Opens	01 Sep 2025	
Early bird Registration Ends	15 Oct 2025	

Registration Details

Category	Indian Authors (INR)	International Authors (USD)
Non-IEEE Member	13000	450
IEEE Member	11000	400
Student (Non-IEEE)	5000	170
Student (IEEE)	4500	160
IEEE Life Member	5000	170

Early bird Registration Discount: 10%

About ICPS

The International Conference on Power Systems (ICPS), a premier biennial forum established in 2004 by academicians from India and Nepal, brings together experts from academia, industry, and research to explore advancements in power systems. The 11th edition, ICPS 2025, will be jointly organised by Indian Institute of Technology (IIT) Hyderabad, India & SRLDC Grid-India, and will be held from 7-9 December 2025 at IIT Hyderabad. The conference is technically co-sponsored by the IEEE Hyderabad Section, IEEE Uttar Pradesh Section, and the IEEE PES/IAS/PELS Joint Chapter of the Hyderabad Section. The conference will focus on the transformative role of emerging technologies in building clean, resilient, and secure power systems, highlighting innovations in smart grids, renewable integration, and Al-driven solutions. The conference will feature technical paper sessions, tutorials, and plenary and invited talks by renowned researchers worldwide.

ICPS 2025 Theme: Leveraging Smart Technologies for Clean,
Resilient, and Secure Power Systems

Conference Tracks

Prospective authors are invited to submit their original research articles closely related to the following tracks.

- 1. Smart Grid and Power Systems
- 2. Renewable Energy Systems
- 3. Artificial Intelligence and Data Analytics in Power Grids
- 4. Power System Protection, Stability, and Optimization
- 5. Grid Resilience and Security
- 6. Power System Planning and Operations
- 7. Control in Power Systems/Power Electronics
- 8. Electric Vehicles and Drives
- 9. Emerging Technologies in Power Grids
- 10. Grid Policy and Regulations

A comprehensive list of thematic areas are available on the conference website.

Submission Guidelines: Prospective authors are invited to submit original technical papers that have not been published or submitted elsewhere for inclusion in the conference proceedings and for presentation at the event. Submitted papers should be formatted in two columns, with a maximum of six A4 pages, and must adhere to IEEE conference format. All papers will be peer-reviewed for technical content and scope by the technical program committee. Detailed submission guidelines are available on the conference website.
